On the congressional directory. Like him, and like Frank.

This, added to the yield of 1902, makes the like ard, and what is Hank goln' to do with into a corporation magnate, all members of that late political combine, known as the Populist party, whose aim was first to get possession of all the offices and then to of eggs and butter, has been attributed to the partial take charge of and appropriate to political use all public failure of the corn crop last year and the consequent adris having formerly been a Democrat, naturally goes selves to present conditions. Certainly they should do back to his old associations. Dozter having been a Re- so, publican, will probably be found voting with that party hereafter. So the average Pop will find his way back to his old and more congenial affiliations,

ABOUT THE KANSAS WHEAT BELT.

smile that is more a succer over the fact that the short merely purchased a life estate, and that as soon as any exteemed the Eagle suggests that the principal assurance termine who are entitled to share in the of a big wheat crop is in a good and uniform fall stand. Property. Another question is with reference to hunlike every other field, one solid mat of lively green. There are no poor fields, nor any bad spots. The uniformity in growth is remarked of all. Wheat crops fall or winter. Ordinarily there is plenty of spring rain for the maturing of all wheat that had a good autumn branches, one running to Luxors, Ark, and there connecta year ago, greater than the harvest probably realized. extends southeasterly from Shepley to Hoxie, Ark. with their lamps into every place a ray of light an uncompleted part from Pocahontas to Newport. In would penetrate, while the engineer right it must not be forgotten that forage and feed of all kinds was short and that the average wheat field addition there is a short spur from Minco, on the second was winterfed to its fullest capacity. The wheat fields with the Frisco. of south Kansas paid for themselves in winter pasturage, That will not be the case this winter. The majority of wheat fields will be pastured, undoubtedly, but with the tent. All jokes and deprecatory reracks to the con- every case some how or other. trary, the Eagle predicts for Kansas a record breaking crop of wheat for 1903, both us to yield and acrenge.

Φ-MUST VOTE AT HOME.

The last legislature put a provision in the new election law permitting such railway employes as were necessarily away from home on election day to cast their wote wherever they might happen to be and to have it counted. Judge B. F. Hudson, of Atchison, rendered a nent congressman from Ohio, serving four terms. decision on Wednesday in which he held that the absentee rathway employees law, permitting railway employees to vote if away from home election day was un- to it because they can't help themselves. constitutional. The decision was made in an application of U. R. Sharpless, Republican, to restrain the county the tropics. And with fevers and reptiles and volcanoes commissioners from counting the vote of absentee rail. It is many to die there too way employees for the legislature from the country district of Atchison county. Without the absentee railway report had probably played there, and may be now vote Sharpless has one majority for the legislature over Peter Laughlin, but with it Laughlin has one majority. Judge Hadson, however, dealed Sharpless's application for an injunction upon the ground that the county commissioners had canvassed the votes before the application for an injunction was made.

BUT A RENEWAL OF CONFIDENCE.

It was not a question of restoring confidence when the voters marched to the ballot box a few days ago and declared in favor of leaving the numberration of government in the hands of the Republican party. Confidence was restored six years ago when Grover Cleveland went out of the white house and William McKinley went in. This time it was merely a case of confidence renewed. The voter simply placed his o. k. on the present brand soon

of Republican prosperity. And now with the details of that interesting and inspiring ceremony disposed of other conspicuous and assiglifie evidences of Republican prosperity are coming into view. Two of them are especially worthy of note. For example the great Pennsylvania railroad company has made formal announcement that it will increase the wages of its more than 190,000 cm. The gossip in political circles at Topeka that Gover- It will increase the wages of its more than 100,000 cmnor-elect Bailey, retiring Governor Stanley and Mort player. This increase will amount to something over Albaugh have hold a three-cornered meeting and decided \$6,000,050 a year. The setion was taken by the board of threats, no boycott.

Following close upon the hoels of the foregoing comes nection the announcement is made that J. T. Pringle, an the further announcement that the Lake Shore & Michunknown Ocage county man, had been selected by the ignn Southern railway management has commenced a trio for the speakership. Pringle may be the best timber voluntary increase in the wages of all its employes and offering, and it might be wise to steer clear of senatorial each department is being taken up as fast as it can be

Confidence renewed. Corporations and great business counter. Things are comin purty says. Harry Doe appeared in police court in the merchandise West and the live stock back. I think I'll take in the dance in the back it think I'll take in the dance in the property of the merchandise was an other revision of governmental policy, realize that hatchet-faced woman and egg-slinger of the first time in history. Another funny thing comes from the senator from enterprises having received the assurance that there is back. Donishan county who, in counting on a dead lock and changes or other revision of governmental policy, realize looking for a dark horse, declares that he is in favor of that less precaution will need to be taken against the tin Dave Mulvane, M. A. Low or Willis J. Bailey. His future. There will be no need to hedge. The affairs of preference seems to be for a Topeka man, but evidently the country are in conservative hands. As a result the to go now, not for Curtis. Mr. Bailey was elected governor with prosperity which has come to them they are willing to

The foregoing are pleasing pictures to contemplate. for the U. S. senate this winter. As for Mr. Low and They may not be sufficient to cause the calamity howler Dave Mulvane, their names were not mentioned in such to change his tune. They teach a lesson, however, which the average man will do well to take to heart.

CORN AND MEAT, EGGS AND BUTTER.

The preliminary estimate of the corn crop for 1902 ers at Topeka, nine out of ten of which will be of utter which has just been issued by the department of agriculinsignificance. As for the speakership, Baker, of Law- ture, ought not only to make a lower price for that cereal, rence, is the logical candidate if he is not tied up on the but for every article of food which depends upon corn. senatorial question. As for dark horses, they may be for meat can be maintained when this new corn crop It seems difficult to understand how the present prices

The average yield per acre of corn in 1902 was 9.1 superior to any of those already cutered, that is not only bushels in excess of the average for the poor year of superior to any of those already entered, that is not only bushels in excess of the average for the poor year of sclousness. Though when is this condi-in the estimation of himself and friends, but superior 1901; it is 1.5 bushels above the average for 1900, and the appeared more dend than alive, be could always hear a whistle, see a in the estimation of the people. Such a horse cannot that the acreage was the same in 1902 that it was in 1901 mand from the conductor. The short, shrill brake whistle of bruised. from the yield of the preceding year, when it was 2,105, Another funny thing in Kansas politics, so funny that 102,516. This year, on the same acreage the yield would it well nigh amounts to a tragedy, is the official announce. be about 2,200,000,000 bushels, or eight hundred million ment of the death of the Pop party, made by Senator was in the hands of the farmers 4% per cent of the crop Harris, the idel of the political revolutionists who swept or 1800, or about 90,000,000 bushels. That, added to the Kansas: "Populism is dead," said Senator Harris when crop of last year, made about 1,490,000,000 bushels. This ordering his name changed to the Democratic column year on November 1, there was in the hands of the farmin the congressional directory. Like him, and like Frank ers about 2 per cent of last year's crop, or about 28,000,present stock of corn in the country about 2,228,000,000
